A BRIEF LOOK AT ARBITRATION FOR THE PATIENT

Introduction

Arbitration is an alternative dispute resolution procedure that has been endorsed by such groups as the California Medical Association, and noted to be a favored method of resolving disputes by the United States Supreme Court.

If you are unfamiliar with arbitration in general, the information included here provides some of the basic principles of arbitration.

What is arbitration?

Arbitration is an alternative way of resolving disputes. Instead of taking your disagreement through the long and expensive process of court litigation, you and the doctor agree in advance to submit any disputes to an arbitrator for his or her determination. The arbitrator is selected from among the numerous retired judges who are available and qualified to serve on these matters, and is mutually agreed upon by both you and the doctor. After a hearing, which is usually less formal than a court proceeding, the arbitrator makes the decision ("award"). Although the procedures are different, generally the same laws and same measure of damages which apply in court proceedings also apply in arbitration.

Does arbitration prevent you from making a claim?

No. By selecting arbitration as the means to resolve a disagreement, all you are essentially doing is moving the claim to a different forum (i.e., from a jury to an arbitrator) to hear and ultimately decide your claim.

Does it prevent you from obtaining a financial award?

No, Arbitration does not restrict or prevent you from obtaining a financial award in any manner. If the arbitrator accepts and agrees with your claim he or she will determine a damage award.

The United States Supreme Court has, in fact, previously held that arbitration is strongly favored as an expeditious and economical alternative to the court system.

A BRIEF LOOK AT ARBITRATION FOR THE PATIENT, P. 2

May I be represented by an attorney of my choice?

Yes. Any party to arbitration may be represented by an attorney of his or her choice, at his or her own expense. The arbitrator will hear the facts and decide the matter whether or not the parties are represented by lawyers.

Who is bound by this agreement?

If you chose to sign the arbitration agreement, you will be agreeing to bind yourself and anyone who could bring suit in connection with treatment or services provided to you by the doctor. If you sign on behalf of a family member or some other person for whom you have responsibility, you will bind that person as well as anyone who could sue in connection with treatment or services provided to that person by the doctor. likewise, the doctor or anyone suing on behalf of a doctor, is bound.

What does arbitration cost?

In general, arbitration is less expensive than court actions. The arbitrator's fees are ordinarily shared equally by the parties. The amount of those fees will depend upon the complexity and length of the case.

If either party does not like the arbitration result, could there still be a jury trial in court?

Generally, the answer is "No." The whole purpose of arbitration is to avoid the expense, delay and inconvenience of going to court. Arbitration awards may be reviewed, and potentially reversed ("Vacated") by a court in limited circumstances.

A Message to Our Patients About Arbitration

The attached contract is an arbitration agreement. By signing this agreement we are agreeing that any dispute arising out of the medical services you receive is to be resolved in binding arbitration rather than a suit in court. Lawsuits are something that no one anticipates and everyone hopes to avoid. We believe that the method of resolving disputes by arbitration is one of the fairest systems for both patients and physicians. Arbitration agreements between health care providers and their patients have long been recognized and approved by the courts.

By signing this agreement you are changing the place where your claim will be presented. You may still call witnesses and present evidence. Each party selects an arbitrator (party arbitrators). who then select a third. neutral arbitrator, These three arbitrators hear the case. This agreement generally helps to limit the legal costs for both patients and physicians. Further, both parties are spared some of the rigors of tria! and the publicity that may accompany judicial proceedings.

Our goal, of course. is to provide medical care in such a way as to avoid any such dispute. We know that most problems begin with communication. Therefore, if you have any questions about your care, please ask us.

LAS VEGAS UROLOGY

PHYSICIAN-PATIENT ARBITRATION AGREEMENT

Article I: Agreement to Arbitrate: It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by Nevada law, and not by a lawsuit or resort to court process except as Nevada law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of binding arbitration.

Article II: All Claims Must Be Arbitrated: It is the intention of the parties that this agreement shall cover all existing or subsequent claims or controversies whether in tort, contract or otherwise, and shall bind all parties whose claims may arise out of or in any way relate to treatment or services provided or not provided by the below identified physician, medical group or association, their partners, associates, associations, corporations, partnerships, employees, agents, clinics and/or providers (hereinafter collectively referred to as "Physician") to a patient, including any spouse or heirs of the patient and any children, whether born or unborn, at the time of the occurrence giving rise to any claim. In the case of any pregnant mother, the term "patient" herein shall mean both the mother and the mother's expected child or children.

Filing by the Physician of any action in any court by the physician to collect any fee from the patient shall not waive the right to compel arbitration of any malpractice claim. However, following the assertion of any claim against a physician, including any fee dispute, whether or not the subject of any existing court action shall also be resolved by arbitration.

Article III: Procedures and Applicable Law: A demand for arbitration must be communicated in writing by U.S. Mail, postage prepaid, to all parties, describing the claim against the physician, the amount of damages sought, and the names and addresses and telephone numbers of the patient, and (if applicable) his/her attorney. The parties shall thereafter select an arbitrator who was previously a court judge. Both parties agree the arbitration shall be goverened pursuant to Nevada Revised Statues (NRS) 38.206-382.48, 41A.035, .045, .097, .100, .110, .120, 42.005 and .021 and the Federal Arbitration Act (9U.S.C. § § 1-4) and that they have the absolute right to arbitrate separately the issues of liability and damages upon written request to the arbitrator. The parties shall bear their own costs, fees and expenses, along with a pro rata share of the neutral arbitrator's fees and expenses.

Article IV: Severability Provision: In the event any provision(s) of this Agreement is declared void and/or enforceable, such provision(s) shall be deemed severed there from and the remainder of the Agreement enforced in accordance with Nevada and Federal law.

NOTICE: BY SIGNING THIS CONTRACT YOU ARE AGREEING TO HAVE ANY ISSUE OF MEDICAL MALPRACTICE DECIDED BY NEUTRAL ARBITRATION AND YOU ARE GIVING UP YOUR RIGHT TO A JURY OR COURT TRIAL. SEE ARTICLE I OF THIS CONTRACT. YOUR SIGNATURE INDICATES THAT OUR OFFICE HAS PROVIDED YOU WITH THE DOCUMENT "A BRIEF LOOK AT ARBITRATION FOR THE PATIENT."
